

DTP Documentation Review, First Draft (Drop 1)

December 1, 2006

Here are some notes to help facilitate your review of the DTP documentation, drop 1. The current doc plugin just contains topics that Sybase committed to documenting for this release. If you would like to contribute a doc plugin to be called from the main User Guide plugin, please send email to ntp-dev@eclipse.org or contact Emily Kapner directly at ekapner@sybase.com.

Where to find the ZIP file that contains the Eclipse features and doc plugins for drop 1

Review guidelines

If we have questions to reviewers, we have included inline comments in those topics. Please provide review comments in the following Bugzilla CR: **166552**. Please be sure to provide as much detail as possible, including topic title, step number, etc.

Please provide review comment by end of business Friday, December 8.

Topics that require some input

The following topics require some feedback from the community in order to complete them:

- Starting the Database Server
- Data Source Explorer View
- Creating a Driver Definition for Apache Derby
- Creating a Connection Profile
